

Granny Table Runner Crochet Pattern Printable PDF

This easy granny table runner crochet pattern is perfect for beginners. It looks great on any table. The simple stitches are easy to follow, and with just a little bit of practice you'll have this project finished in no time.

This design is as beautiful as it is simple.

Basic Crochet Stitches

Once you have mastered the chain stitch and double crochet stitch, you are ready to expand your skills and make this rectangle tablecloth. This pattern works up quickly because of the double crochet stitch and the easy repeating pattern.

Variegated Yarn

Today, I used two variegated yarn cakes in hues of grey, black, and white. It was so easy to have a colorful table runner without switching yarn colors and weaving in a lot of yarn ends. However, this pattern can be made using any yarn and any color.

This pattern would look modern with a chunky look if you used a bulky yarn. I used a number 3 yarn for a lighter lacy look. A fingering yarn would work well for this too.

SK = Skip

SL ST = Slip Stitch

SP = Space

ST = Stitch

STs = Stitches

[] = Repeat Between

Crochet Pattern Notes

The length of the starting chain will determine how long the final project ends up being.

The granny clusters should line up with each other on the top and bottom of the rounds.

In the corner space, I worked a chain 2. You can work a chain 3 or other length in the corner stitch depending on the look you are going for with your crochet rectangle.
