

Quick and Easy Beginner Fingerless Gloves Crochet Pattern PDF

This Quick and Easy Beginner Fingerless Gloves Crochet Pattern is perfect for a one-day project. A simple project that adds a little extra warmth while allowing the use of your fingers.

I made this set in a day using yarn leftover from a hat. Now I have a set to give as a great gift or wear myself. You can work on these while watching your favorite show.

This easy crochet pattern uses the back loop single crochet stitch, creating a beautiful crochet stitch. You will often see the single crochet back loop crochet abbreviated as (SC BLO).

Working in the back loop with a single crochet will create a ridged texture. It adds stretch and comfort to your gloves.

The pattern is crocheted flat in rows then seamed leaving a hole for the thumb. There's no shaping involved. It's as simple as crocheting a rectangle and sewing it together, leaving a space for the thumb hole.

Directions: Quick and Easy Beginner Fingerless Gloves Crochet Pattern

Skill Level

Beginner Friendly

Gauge

12 Single Crochet and 19 rows every 4 inches.

Size

- Small = 7" long X 7" around
- Medium = 7" long X 8" around
- Large = 8" long X 9" around

- X-Large = 8" long X 10" around

Make this in Different Sizes

The length is determined by the initial chain stitches and the width around the hand is determined by the number of rows.

Measure as You Go or Make a Gauge Swatch. If you're unsure about sizing, measure the rectangle for the gloves around your hand so you know how big around you need it. If you are not sure of what size to make it. I have some suggested sizes to get your started.

You can make this with a different yarn rather than a medium weight. Just make sure you measure your beginning chain stitches to get the length and measure the width of the rows for the length.

These gloves are stretchy. The width will stretch 1-3 inches.

Abbreviations

CH = Chain Stitch

SC = Single Crochet Stitch

SC BLO = Single Crochet Back Loop

SL ST = Slip Stitch

ST = Stitch

[] = Repeat Between

Materials

150 yards of any medium weight yarn.

I made the white fingerless mittens in Caron one Pound and the blue using Caron Simply Soft in Royal blue

Crochet Hook Size H 5.0 mm

Tapestry Needle

Scissors

Tape Measure

Crochet Stitches

Single Crochet in the Back Bump of the Chain Stitch

Insert the hook in the back bump of the chain stitch, pull up a loop. Yarn over and pull through the two loops on the hook.

Single Crochet Back Loop Crochet (SC BLO)

Insert the hook in the back loop, pull up a loop. Yarn over and pull through the two loops on the hook.

Pattern Notes

Pattern is written in US crochet terminology.

Measure the rectangle size rather than count the rows. This way, you can use any leftover yarn you happen to have. For the width, make sure to make the rectangle about 2-inches less than the desired final width around.

You can find a YouTube Video tutorials for both left hand and right hand crocheters below the written pattern.

Turn after each row.

The chain stitch at the beginning of each row does not count as a stitch. Place the beginning stitch of each row in the very first stitch.

Since this pattern is reversible, there isn't a right side and wrong side.

Crochet Pattern

Start by making a slip knot and adding the loop on the hook.

Work a foundation chain long enough to make your desired length.

Here are some suggested starting chains for using a medium weight yarn.

- Small = CH 26
- Medium = CH 26
- Large = CH 30
- X-Large = CH 30

Reminder, you can make this with any weight yarn. Just use a tape measure to check.

Row 1

Work in the back bump for this row. In the 2nd chain from the hook work a SC in the back ridge loop and in each ST across. Turn

Row 2

CH 1 (Doesn't count as a ST). Work a Single Crochet Back Loop Crochet (SC BLO) in the same ST and in each ST across. Turn

Row 3 and Beyond

Repeat row 2.

You can make this as wide as you like.

I worked this pattern 38 rows, which made mine 8 inches wide. It stretches to at least 10-inches around. Use the tape measure to double check your size.

When you're done, leave a long tail. About 15-20 inches. You will be using this to sew the sides together.

Joining the Sides and Making the Thumb Hole

Fold your piece in half lengthwise, matching the edges.

Sew the two sides together with the yarn needle, leaving a hole for your thumb.

Optional. Use stitch markers to mark the start of the thumb hole, about 2 inches from the top. Skip about 1 ½ inches from the 2-inch mark and place another stitch marker.

You can use a slip stitch to join the edges. I used the yarn needle and weaved the yarn back and forth through the back loops.

When making the hole for the thumb, stitch on one side only so you don't have to cut the yarn.

Finishing

Weave in the ends with a tapestry needle. Cut off excess yarn.

Make the Second Fingerless Glove

Repeat for the next pair of fingerless gloves.
