Crochet Stitches

Chain Stitch (CH ST)

Begin the chain stitch by making a slip knot on the crochet hook. Leave about a 5-inch tail on the yarn. This will be weaved in later.

Next snug up the yarn loop that is on the crochet hook; while it should be firm, it should also be loose enough to slide on the hook with ease.

Keeping the loop on the hook, wrap the yarn over the crochet hook from back to front. Draw the yarn through the loop. You've just made a chain stitch. Continue yarning over and drawing the yarn through the loop on the hook to make more chain stitches.

Single Crochet (SC)

Insert the hook, pull up a loop. Yarn over and pull through the two loops on the hook.

Pattern Notes

Pattern is written in US crochet terminology.

Turn after each row.

Since this pattern is reversible, there isn't a right side and wrong side.

I carried the yarn up the side. There are links to video tutorials for both right hand and left hand crocheters after the written pattern.

Crochet Pattern

Begin with the primary yarn color.

Start by making a slip knot and adding the loop on the hook.

Work 60 foundational chain stitches.

Row 1

SC in the back bump of the second ST from the Hook and in each back bump of the STs across. Turn (59)

Row 2

CH 1 (Does not count as a ST). SC in the first ST and in each ST across. Turn (59)

Row 3

Change yarn color.

Repeat row 2.

Row 4

Change back to the first yarn color.

Repeat row 2.

Row 5

Change yarn color

Repeat row 2.

Row 6

Change back to the first yarn color.

Repeat row 2.

Row 7

Continue using yarn color.

Repeat row 2.

Finishing

When done, weave in the yarn ends and cut off the excess yarn.

Assembling

There are two ways of assembling.

1. Using a 16'inch yarn piece. Thread one end of the yarn through the yarn needle.

Make 3 folds the length of the strip about 2 ½ inches each fold.

Insert the yarn needle through the center and through all the layers of the folds out through the bottom. Make sure not to pull the yarn out of the top.

Next move the yarn needle over a stitch and run it back up through the folds. Remove the yarn needle.

Bring the ends of the yarn together and tie a knot to secure a loop near the top fold. Tip. Keep loose so the folds can relax a little, so they show better.

Lastly, create a loop for hanging by tying a knot on the top of the yarn ends. Snip off any excess.

2. Using a 16'inch yarn piece. Thread one end of the yarn through the yarn needle. Add a bead. Bring the other end of the yarn piece through the yarn needle leaving the bead to hang in the middle.

Make 3 folds the length of the strip about 2 ½ inches each fold.

Insert the yarn needle through the center and after the first fold, insert another bead onto the yarn needle. Continue to the next folds and add another bead. End with a bead on the top.

To secure the bead on the top, back through a few loops under the bead. Again, keep things a little so the folds can relax a little, so they show better.

Lastly, create a loop for hanging by tying a knot on the top of the yarn ends. Snip off any excess.
