Pattern Notes

It is important to keep the star points in the same place as you add each row. Therefore, counting the stitches is important in this pattern.

The pattern is not turned on after each round.

This pattern begins with a CH 4 and SL ST to form a ring. However, you can use a [magic circle](#) to start this crochet pattern.

Crochet over yarn ends to help minimize weaving in yarn ends and hold the yarn securely.

Always Chain 2 at the beginning of a round, not 3. This will help make the join less visible.

Starting with Round 5 and beyond, you will be completing between 2 rounds of the large shell and 1 round of the small shell. Adding stitches between the shells as needed and making the valley by skipping two stitches.

Special Stitches

Small Shell: (DC, CH 2, DC) in same space
