

Crochet Rectangle Shawl Beautiful Night in Paris Printable PDF Pattern

Imagine strolling through the cobblestone streets of Paris, the city lights shimmering like a thousand stars, and the Eiffel Tower standing majestically against the night sky. This enchanting scene inspired our latest creation – the Beautiful Night in Paris Rectangle Shawl. Designed to capture the elegance and romance of a Parisian evening, this shawl is a testament to timeless beauty and sophisticated style.

What is a good size for a rectangular shawl?

A nice size for a crochet rectangle wrap is usually around 60 to 70 inches in length and 18 to 20 inches in width. Often starting chain stitches worked in the shorter rows across is about 90-100 chains. If working the length of the shawl, try a starting chain of 220-260 stitches.

Skill Level

Intermediate

You should be able to work the double crochet stitch and work it around the posts of the stitches below. Once you have mastered this method, you are ready for this pattern.

Finished Size

20 inches wide X 64 inches long.

However, you can easily make this in a different size. Adjust the length by adjusting the beginning foundational chain stitches by 4. Change the width to your desired length by adjusting the rows.

Gauge

16 stitches and 10 rows of double crochet every 4 inches.

Materials

Honolulu Thread Yarn from Hobbii. I used 1 skein of color number 03, which is 874 yards total. This yarn is a number 2 fine yarn gauge.

I have a links to Hobbii on my [savings page](#).

5.0 mm Crochet Hook Size H. The recommended hook size on the yarn wrapper is 2.5-3.5 mm. However, I found the larger size to work well for this thread yarn rectangular shawl.

Tapestry Needle, to weave in yarn ends.

Special Stitches

Chain Two V-Stitch (CH 2 V-Stitch). Work [1 DC, CH 2, 1 DC] into same ST.

Chain Three V-Stitch (CH 3 V-Stitch). Work [1 DC, CH 3, 1 DC] into same ST.

Front Post Double Crochet (FPDC)

Front post stitches are raised crochet stitches on the surface of the fabric facing you. Note: Because a post stitch is shorter than a normal stitch, you make the turning chain with one chain stitch less than the normal turning chain requires. Yarn over, insert the hook from front to back between the posts of the first and second double crochet of the row below. Then insert the hook from the back to the front between the posts of the second and third stitches. (The hook should now be positioned horizontally behind the double crochet that you are working around). Yarn over, pull the yarn around the post of the stitch. There should now be 3 loops on the hook. Yarn over, pull the yarn through 2 loops on the hook. Lastly, yarn over again and pull through the last two loops on the hook.
